

**Central Regional
Health School**

Tēnā koe

Thank you for your interest in this exciting, newly created position. Currently CRHS employs three Assistant Principals, each responsible for one strand of the school's operations. This new position will sit alongside the other three to ensure schoolwide infrastructure, systems and practices are cohesive, effective and future focussed. The purpose of the position is to ensure systems are aligned to the CRHS mission, and support wellbeing, opportunity and success for all staff and students.

If this position is a good fit for you, you will be energised by the possibility of managing our current systems, exploring their potential and leading the developments you identify. You will be knowledgeable about the sustainable systems needed to underpin successful school practices. You will be able to draw on your experience as a collaborative educational leader with the ability to communicate effectively across education sectors as well as Government and community organisations.

All our Assistant Principal's retain an agreed teaching component in their practice as well as responsibilities for designated staff. How this is managed will depend on your strengths and interests as well as school staffing needs. It is expected several aspects of the role will develop and change as possibilities are identified.

While this position is based in Wellington, travel to different sites within the region will be required. You will need a private vehicle for school use and a full New Zealand driver licence. Our teaching sites cover the lower North Island.

If you are excited by this opportunity, I encourage you to contact me, to learn more. The phone number is listed below. My email address is jane.w@crhs.school.nz

To be considered for this position please email your application documentation (CV, cover letter and a completed application form) to vacancies@crhs.school.nz, or apply on-line through our web-site. We look forward to hearing from you.
