

**Central Regional
Health School**

Tēnā koe

Thank you for your interest in one of our part-time (0.5FTE) speech-language therapy positions, based in either Palmerston North or Wellington.

CRHS has employed a speech-language therapist for some years now and therapists' work within the school is well established and valued. There is also opportunity for new ideas to be presented, and innovation to flourish. Most of our students are secondary school age. However, you could be working with students aged 5-21 years to support their communication development, their engagement in the curriculum and their transitions in and out of the school. Facilitating staff professional development is also an important part of the job.

The therapists appointed will work with staff and students across all the strands of the school, 'Community Health' sites and 'Oranga Tamariki residences.' The therapist based in Wellington will also support the work of teachers and other clinical staff in 'Specialist Mental Health' in-patient units, as well as our day school in central Wellington. It will be necessary for the appointed therapists to travel to other centres to support the work of the teams working in regional sites.

I encourage you to consider the information attached and contact me to discuss further: jane.w@crhs.school.nz, 04 801 5010 or 0800 153 000

To be considered for this position please email your application documentation (CV, cover letter and a completed application form) to vacancies@crhs.school.nz, or apply on-line through our web-site.
